Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless boon to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retro-version or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his *free* booklet treating of same.

You can't afford to accept as a substitute for this remedy of *known composition* a secret nostrum of *unknown composition*. Don't do it.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

WHOLESALE LOCKOUT.

Between 40,000 and 50,000 members of the Boilermakers' Society will be locked out October 5, by the Shipbuilders' Federation in London.

Sometime ago lockout notices were issued because of a number of sectional strikes in which the men left work without giving notice and without discussion of their grievances. These notices, however, were withdrawn and what is known as the "Edinburgh agreement" was entered into. Under this the representatives of the men stipulated that such annoying strikes would be avoided in the future. The society repudiated the action of its representatives, and the federation is now determined to fight the men to a finish.

The chief grievance of the employers is that the executive committee of the Boilermakers' Society has no real power and cannot force the men to observe any agreement which may be adopted.

With the prospective strike of the members of the Amalgamated Society of Railway Servants, which, unless prevented, will be one of the most serious ever known in the United Kingdom, the labor situation in England is becoming most critical.

A comparison of the cases of the boilermakers and the railway men shows a remarkable circumstances. The chief grievance at present of the railway men is that the companies refuse to recognize their executive, while, on the other hand, the shipbuilders have recognized the leaders of the Boilermakers' Society and come to an agreement with them, but the men themselves refused to be bound by this understanding.

JAPAN AND KOREA.

The prospect of annexation by Japan seems again looming before the Korean people. Marquis Ito is quoted as saying that in view of the increasing gravity of the situation, it may be necessary to alter Japan's policy; that the present situation indicates that the entire people are unfriendly, and if they persist in that attitude, it will be "the last day for them."

Reports to the Tokio papers state the insurgents are gathering from all directions around the city of Seoul with a view of attacking the capital itself. The size of their forces is unknown, but one body of 800 is reported. Roving bands of Koreans under the leadership of former soldiers are operating in all sections of the country, killing the Japanese police, the Japanese railroad and telegraph officials and civilians and all Koreans suspected of friendship for the Japanese. These bands scatter in the mountains upon the approach of the Japanese troops, but usually not before sustaining heavy losses.

Following the policy promulgated by General Hasegawa, many villages are being wiped out by the Japanese troops as a punishment for some of the inhabitants joining for insurgents. Both sides are charged with atrocities. The expedition sent against the pirates at Nokdo was completely annihilated, the bodies of the Japanese soldiers and their Korean guides, comprising the expedition, being found by a rescuing party horribly mutilated.

The first battalion of reinforcements from Japan arrived at Fusan yesterday, and others are en route. So far the losses of the Japanese troops are comparatively small. The Korean are unreported, but must run into thousands.

Health in the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, billiousness, weakness and all stomach, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store. 50c.

SENT TO WORKHOUSE.

Upon her refusal to pay a fine of $25, imposed for disorderly conduct, Carrie Nation was yesterday placed in the "Black Maria," with other prisoners and taken to the workhouse of the District of Columbia. She was arrested Wednesday for lecturing from the Post-office Department steps, and when taken to the First Precinct Station House declined to put up a collateral. As a result she spent the night in the House of Detention. Notwithstanding the fact that she had a roll of bills in her possession yesterday morning, still militant, she appeared in court. Mrs. Nation had taken as a text for her lecture Wednesday morning the cigarette habit. She testified in court yesterday morning that she noticed in front of the building at least a dozen men smoking cigarettes, and she said she told them:

"Men, you are making it so disagreeable that I can't get any of God's pure air." This she followered with a lecture pitched in a high key which attracted a large crowd.

Judge Bundy offered to release Mrs. Nation upon her personal bonds if she would agree not to create futher disturbances and congregations in the street by her lectures, but she declined to make this promise.

MYSTERIOUS MURDER.

At four o'clock yesterday afternoon Harvey Watts, a lumberman, representing a Tennessee firm, walked into the passenger depot at Kings Mountain, near Danville, Ky,, and, placing his satchel upon the floor, called Agent W. B. Vandiver and asked him to open it. Vandiver complied with the request, and Watts took a pistol from the satchel. Remarking "Now you have opened the grip, I will open you," he fired, and the ball penetrated Vandiver's head, killing him instantly. Watts fled to the knobs north of Kings Mountain. Vandiver was a native of Harrodsburg, Ky., and belonged to a prominent family. An officer alter found Watts hiding in a hollow stump. He offered no resistance. When questioned about the murder, he said he had never before seen Vandiver and was unable to account for his action. Watts was taken to the Stanford jail for safe keeping.

FRIDAY EVENING. SEPT. 20, 1907.

HAVING "fled from the wrath of an irate woman," who publicly horsewhipped him last Saturday, Editor M. T. Stokes, of the Coudersport, (Pa.) Enterprise, has taken his pen in hand to say that he defies her, because he can run faster than she can. Editor Stokes, who has a keen nose for news, as well as nimbleness of foot, tells his subscribers all about the "fiendish deed." He devotes two columns to it in the latest issue of the Enterprise, and utters this defi: "They may be able to whip us and kill, but scare nor deter us in what we believe to be our solemn duty as a publisher of a fearless newspaper—Never!!!" Under the caption, "Hardly Long Enough," Mr. Stokes declares: "His legs were the shortest—in fact, there were times when it looked as if they were hardly long enough to reach the ground—but they moved faster than hers, and there is where he won out." Mr. Stokes believes in the theory that he who fights and runs away, may live to fight another day.

A DISPATCH from Berlin states that at the Social Democratic Congress at that place yesterday Herr Babel, one of the leading members of that gathering, proclaimed himself an atheist and asserted his right to make a propaganda of his creed. Many people who have for years watched the signs of the times believe that when socialism heads up as a world-wide organization that atheism, for many reasons, will be the most prominent plank in its platform. The spirit which animated the leaders of the French revolution still rules many, and scenes enacted over a century ago in unhappy France are likely to be re-enacted in our day, and probably on a much larger scale. A party which rejects all revelation and responsibility to a higher Being is dangerous, as there is no telling what may be done by such an irresponsible horde. Perilous times, we are taught to believe, will come in the last days, when men will be inimical to everything savoring of religion, and it looks as though these times are drawing near.

THERE MUST be some small men in the War Department and such men, everywhere, are continually causing trouble when they undertake to carry out their own ideas. The refusal of the department or those in charge there to allow the Confederate rank of the late Gen. Joseph Wheeler to be engraved on the monument over his grave in Arlington National Cemetery, near Washington, has caused much indignation in Alabama, and the Congressmen and Senators of the State will ask Congress to overrule the War Department. Gen. Wheeler was unquestionably a Confederate general and will go down in history as such, and why there should be objection to this fact being chiseled on his grave stone no sane man can tell.

REV. JACOB KURTZ, the housetop evangelist, who has figured in many reform movements, will shortly announce his candidacy for Mayor of York, Pa. Kurtz says if he is elected he will introduce many reforms. For instance, when persons are arrested for breaking the peace or immoral conduct instead of sending them to jail or the workhouse, he will sentence them to serve terms in his Sunday school class. He says that he will have the police force under his control if elected, and he can then use them to protect him when he holds his evangelistic meetings. He says he can also use them to close up the dens of vice.

ACCORDING to Dr. William N. Hill, the chief of the mosquito extermination brigade of the Health Department of Baltimore, women are responsible for the presence of mosquitos. He declares females bring mosquitos to cities in their skirts, and that each woman is capable of carrying 3,000,000 of the pests. Dr. Hill is convinced that females who visit the country during the summer months bring the insects with them upon their return to the cities. Woman has been blamed for everything in the way of evil, even the fall of man, and now she is to be held responsible for the annoying mosquitos.

THE heads of delegations represented at the Peace Conference at The Hague yesterday adopted a resolution recommending to the powers the convocation of a third conference. Judging from the poor results attained from the other two conferences, a third, in the near future at least, would seem entirely unnecessary.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Sept. 20.

A new island, 400 feet high, and over 1,700 feet at the base, has appeared in the Bogasloff group of islands, off the Alaskan penisula and sixty miles from Unalaska. It has been formed by an upheaval occurring last July. The officers of the revenue cutter "McCullough," who made the discovery, named the island in honor of McCullough. Their report, which has just reached the Treasury Department, announces that half of Mount Perry, alongside the new island has disappeared. Steam and vapor arises from the island, and the soil resembles that taken from a mineral excavation. Several places on it are rocks weighing tons. Navigators are warned to approach these islands with great caution, because of the gradual upheaval in the bottom of the ocean. Further investigations are being conducted in the interest of science, under direction of Captain Ross, chief of the revenue cutter service.

"The first battle in the war between the United States and Japan was what hundreds of American stars thought they were about to fight out in Chinese waters recently, according to stories that have come to Washington. While the American squadron, was cruising off Chefee a Japanese fleet of four battleship appeared in the offiering. On one of the American vessels an officer was overheard instructing another to keep a sharp watch on the Japanese. He desired merely to prevent a collission, but the enlisted men were sure to meet war.

Emphatic denial that the government has under consideration a proposition to end the telegraphers' strike by arbitration was made by Secretary Straus, of the Department of Commerce and Labor today. Commissioner of Labor Neill before leaving for St. Louis yesterday said positively that there was nothing new in the strike situation. If the telegraphers officially or through dissatisfied members had asked him to secure arbitration with the companies, he would have communicated the fact to Secretary Straus. The strikers here have placed considerable faith in the report that the President will interfere and that the differences will be arbitrated, although no one in authority is quoted. "I know nothing of any present negotiations between the telegraph companies and the union looking to settlement of the telegraphers' strike by arbitration," said President Gompers of the American Federation of Labor today, "and I do not take any stock in the report that such negotiations are on."

The Navy Department this afternoon awarded contracts for five torpedo-boat destroyers as follows: Two to William Cramp and Sons, Philadelphia, at $585,000 each; two the Bath Iron Works Bath, Maine, at $624,000 each and one to the New York Shipbuilding Company, Camden, N. J., at $645,000. All are to be equipped with Parsons turbine engines and to make a speed of 29 knots an hour.

THE SOUTHERN WINS.

At Raleigh, N. C., yesterday, Judge Pritchard, United States Circuit judge, in the matter of the Southern Railway against Lawyer Jacob A. Long, of Graham, N. C., and other attorneys in North Carolina and their clients in Alamance and other counties, continued the injunction restraining the respondents from prosecuting their penalty suits in the State Superior Courts against the North Carolina Railroad Company and the Southern. The North Carolina Railroad is the 300 mile road owned by the State of North Carolina, and leased to the Southern for ninety-nine years, and extends from Goldsboro via Raleigh and Greensboro to Charlotte. The matter was disposed of without argument, as Mr. Long was not present at the hour set. It is a most important decision.

KILLED IN COLLISION.

There has been a disastrous wreck on the Mexican Central Railroad. A freight train and a passenger train came into collision at Encarnacion, near the city of Aguas Calientes. The passenger train was the regular El Paso express, which left that city Tuesday.

Authentic reports say that thirty-two persons were killed and thirty-three sustained injuries. There are no prominent persons among the killed or wounded. The Pullman cars were not badly damaged, but the two engines and several first, second and third class coaches of the passenger train were demolished.

Relief and wrecking trains are now at the scene of the wreck. The disaster is said to have been due to a disregard of the train orders.

SHOT AT SISTER'S WEDDING.

Leo Bonner, of Wilkesbarre, Pa., was shot yesterday at his sister's wedding celebration, and his brother John has been held as the murderer. The father, Frank Bonner, has also been arrested, and the police are investigating a story told by him that his son John also killed a man in Italy and in New York city. The brother and the guests quarreled about their prowess at weights in the yard of the Bonner house at the height of the celebration, and the father angry at this, drew a penknife and slashed John in the neck. John, it is charged, ran to his bedroom, got a repeating rifle and fired into the crowd, hoping to hit his father. Leo was shot through the heart and instantly killed.

TWO-CENT FARE LAW A MERE CAPRICE.

In an opinion declaring the 2-cent fare law of Pennsylvania "a caprice of a Legislature," President Judge James M. Shull, of the Perry-Juniata district, at Bloomfield, Pa., yesterday decided the act was in derogation of the federal and State constitutions.

Judge Shull also holds in his opinion that this law is invalid, unconstitutional and void in its application to the Susquehanna River and Western Railroad Company, which connects Duncannon and Bloomfield, a distance of fourteen miles.

After declaring that at 2 cents a mile the net receipts of the company from passenger traffic would be insufficient to meet the interest charge on one-half of its bonded indebtedness of $125,000, Judge Shull says:

"This result from the actual figures is easily comprehended. It requires but limited mathematical knowledge to attain a solution, and the time would not be remote when a sale bill would be posted by the sheriff. To compel compliance with the mandates of this statue by the plaintiff company means robbing the bondholders of their securities, in which they placed their money at a reasonable rate of interest, in good faith. It means depriving the community of the facilities for transportation of freight and passengers, which they now enjoy, and confiscate the property and franchises of the stockholders, and for what purpose? Simply to obey the caprice of a Legislature, many of whose members, without rhyme or reason, facts or figures, information or reputation, were pledged to perform the act in the name of the reform. "We might say of reform, as was said by Madam Roland of liberty in the days of the French revolution: O! liberty, liberty, how many crimes are committed in thy name!"

Suicide of a Woman.

New York, Sept. 20—That Mrs. Margurite Carter, who was mysteriously shot dead at Millionaire John J. White's, jr. east 57th street home early today was a suicide the coroner's jury says there is no doubt. Investigation shows that Mrs. Carter occupied a magnificently furnished 29th street studio, where White often visited her. White seems to have sent for her last night to come to his house, where he was on the verge of a break down from heavy drinking and nervousness. She killed herself in a front room of the house. White expected his wife home soon, but did not look for her when she arrived today. There was a painful scene on her arrival.

Today's Telegraphic News.

Investigating Standard Oil.

New York, Sept. 20.—William G. Rockefeller, nephew of John D. Rockefeller and assistant treasurer of the Standard Oil Company, will be put on the rack before special examiner Ferris today. He is considered by Prosecutor Kellogg as his most important witness of the present hearing.

When the proceedings opened today Moriatz Rosenthal, whose illness caused an early postponement yesterday, was not in court, but Chief Counsel Milburn for the Standard announced they would go on without him. Wesley H. Tilford resumed the stand at once.

Tilford presented figures showing that in 1899, after the new company was formed on June 19, the Standard dividends were $14,304,188, while previous to that date the subsidiary companies that were amalgamated paid their stockholders $32,008,541.

Tilford testified that John D. Archbold now holds 6,000 shares of the Standard Oil Company of New Jersey; that F. W. Barstow owns 350 shares; S. G. Baine, 110 shares; S. G. Bayne & Co., 300 shares. Bayne is president of the Seaboard National Bank, which controls the Securities Oil Company which operates in Texas. Henry M. Flagler, of Florida, owns 30,500 shares of the Standard Oil Company of New Jersey. Other members of his family have large holdings.

Kellogg read a long list of the names of stockholders who are the descendants or heirs of Benjamin Brewster; J. A. Bostwick, D. M. Harkness, O. B. Jennings, H. A. Hutchings, Charles Lockhart, Wm. H. Macy, Wm. H. Macy, jr., and Josiah Macy, jr., who were signers of the original trust agreement in 1882. Kellogg's object was to show how the stock has remained in the same families or in the same hands during all the surface shifts and changes.

Oliver H. Payne, Tilford said, now owns 40,000 shares. The estate of Charles Pratt, father of C. M. Pratt, present secretary, owns 52,802 shares.

John D. Rockfeller's present holdings are 247,692 shares; John D. Rockefeller, jr., 120; William Rockefeller's 11,700, according to the statement submitted. H. H. Rogers holds 16,020 shares and his son H. H. Rogers, jr., 1,150.

By a statement provided by Tilford showing stock in the Standard Oil of New Jersey voted in annual meeting in 1896, Kellogg showed that four years after the trust was ordered dissolved the trust still held 34,391 out of 70,000 shares of the subsidiary company. He tried to prove that the trust retained just a little less than a majority in each subsidiary, the majority having been liquidated in compliance with the order of 1892.

The chief inquisitor also called for data to show the "exact progress of the dissolution," which he proposes to show extended over eight years during which he asserts the trust conducted the business in defiance of the court.

Kellogg brought out testimony regarding the system by which the Standard in December, 1903, monopolized the exportation of oil. Sixteen independent refineries in Ohio and Pennsylvania were forced to sign an agreement to sell all the oil they wished to export to the Standard. The Standard controlled the supply of crude oil refined by these companies and cut off the supply until the contract was signed.

When the contract was signed the Standard agreed to furnish the refineries 150,000 barrels of crude oil per month, apportioned at a set ratio.

Kellogg asked Tilford to produce correspondence, which Kellogg said, would show that the Standard officials wrote letters objecting to the sale of oil for exportation by an independent to another company.

The contract was abrogated about the time an investigation was begun by the government bureau of corporations.

It wat shown that the witness, Wesley H. Tilford owns 6,000 shares of the parent company and that 5,000 shares are owned by the Uulversity of Chicago. Adjournment for luncheon was taken with Tilford still on the stand.

Searching for a Witness.

Seattle, Wash., Sept. 20.—Officers at Juneau, Alaska, are turning that and neighboring Alaskan coast towns upside down in the search for Jack Simpkins, the witness for whom a reward is still outstanding by prosecutors of the miners' cases at Boise, Idaho. Simpkins was much wanted to testify at the Haywood trial and is so desired for the hearing of the case of George Pettibone. He was a companion of Harry Orchard, the prosecution's leading witness, and is said to have been in Caldwell, Idaho, at the time Ex-Governor Steunenberg was killed by a bomb. Persons who say they reorgnized him on the streets of Junaue a few nights ago persist in saying there is no doubt concerning his identity.

Restored to Consciousness.

Nassau, N. H., Sept. 20.—Hearing his name, summoned Alexander Stanton, a cattle rancher of Palestine, Tex., back to consciousness of his identity after two months' wandering. Stanton, who is 73 years of age, and a nephew of the late Edwin M. Stanton, Secretary of War under Lincoln, says that last July he left Texas with a herd of cattle, which he sold in Chicago for $1,000. With the money in his pocket he went to the theatre and afterward accompanied a chance acquaintance to a house. The next event he remembers is hearing some one say "Aren't you Alexander Stanton?" "Yes, that's it," was his joyful answer, and since then the old man has been himself.

Mysterious Visitors.

Oyster, Bay, N. Y., Sept. 20.—Secretary Loeb stated today that there would be no statement issued regarding the visit to the President Wednesday of Percy Thomas, Deputy President of the Commercial Telegraphers' Union, and Daniel Russell, chief of their board of strategy. Yesterday Loeb at first denied that they had visited the President, saying the men who talked with him on the porch were workmen. Today he said: "There is nothing to be said about the matter now." Asked if he wished a denial sent out that Russell and Thomas saw the President, Loeb said: "No"

Woman Leaves Well Husband for Sick One.

Wilkes-Barre, Pa., Sept. 20.—Discovering, after being married for eleven years to her second husband, that her first husband was alive, Ada S. Keep, of Plymouth, was yesterday, upon her own request, awarded an annulment of her marriage to husband No. 2. Mrs. Keep was married first to Hiram L. Steele, 1899. He disappeared. Two years later a brother wrote saying that Steele had died in New York. Soon after, Mrs. Steele married Benjamin F. Keep. Some time ago she got word that Steele was alive and, after several weeks' search, she found him helpless and dependent upon the town of Berwick for support. Believing it to be her duty, the woman voluntarily leaves the side of husband No. 2 to go to that of sick and disabled husband No. 1.

Vatican Guarded by Troops.

Rome, Sept. 20.—The Vatican is cordoned by troops, ordered by the authorities to guard against a mob attack feared as an incident to the celebration of the thirty-seventh anniversary of the Italian army's entry into Rome.

Crowds were already gathering about the home of the papal government when the first detachment of soldiers was rushed to the scene last night. Conditions are so ominous today that the guard has been strengthenad.

It is feared the anti-clerical riots so serious throughout Italy of late will be repeated in Rome on a still larger scale during the celebration excitement.

The Paper Trust.

New York, Sept. 20.—Commenting upon the plea by the American Newspapers Publishers' Association for the repeal of the customs duty on printing paper, wood pulp and other material, the New York World says editorially today: "The Dingley act imposes a duty of $1.07 a ton on wood pulp and $6 a ton on newspaper printing paper, chiefly for the benefit of the paper trust. The Canadian government is now threatening an export duty on wood pulp and the trust, which has done its best to annihilate the sources of domestic supply, is asking publishers to assist in averting the evil. To encourage such service the trust has advanced paper $10 a ton."

To be Kept Out of the Country.

New York, Sept. 20.—If immigration officials are to be believed Emma Goldman, high priestess of assassination, murder, rapine and general terrorism, has had her last look at American institutions and American government. Somewhere out on the high seas Emma is en route to this country. But she cannot land. An order has been issued that Emma is to be deported when she reaches here because she is an avowed anarchist and they are the real "undesirable citizens," according to the laws of this country. Emma will fight the order of deporation, of course, but it is stated at the immigration bureau that she will never again land here.

Suffocated by Gas.

Wilmington, Del., Sept. 20.—Sometime during last night Mrs. Sarah J. Sawdon, wife of Edwin G. Sawdon, and her 14-year-old daughter Janet were overcome by illuminating gas at their home 313 west Twelfth street, and as a result the child is dead and the mother seriously ill. She does not know of the death of her daughter yet, and a relapse is feared when she learns the truth. Mr. Sawdon, who sleeps in an adjoining room, was awakened at 5 o'clock this morning by a strong odor of gas and breaking into his wife's apartment found her in a heap on the floor near a window, while the daughter was found dead on the bed.

Alleged Fatal Beating.

Providence, Sept. 20.—As the result of the death of Mrs. Walter Bowman in the hospital here yesterday the authorities of Westerly have been notified to arrest the woman nurse, whose beating, it is alleged, caused Mrs. Bowman's death. Last Monday evening Mr. Bowman returned to his home to find his wife on the floor with the nurse, who had attended her since she gave birth to twins on September 5, sitting upon and choking her. The woman, who was intoxicated, was driven from the house and Mrs. Bowman's condition became so serious that on Wednesday she was brought here to the hospital.

Strange Wild Animal Alarms a Community.

York, Pa., Sept. 20.—A wild animal about four feet long and having short, black hair, believed to be a catamount, has greatly alarmed the residents of New Salem, York county. The animal, it is stated, has frequently made its appearance in the near-by woods and fields, and dogs, it is said, have been killed by it. In each instance the body was mangled. Mothers will not let their children out of their sight, and the young men of the neighborhood have armed themselves so as to be prepared in case the animal should make its sudden appearance.

Earthquake Shocks.

Los Angeles, Sep. 20—Reports today from San Bernardino and Riverside counties show that the earthquake in that section last night was severe in many places, but that there was no loss of life. In San Bernadino, three distinct shocks were felt, and the populace four miles around was thrown into panic. The third shock rocked the town from end to end, broke a few windows, cracked some walls and sent the people into the streets.

Night Search for Missing Woman.

Grand Canyon, Ariz., Sept. 20.—For more than 12 hours Alice Roosevelt Longworth kept pace with Navjo Indians and rugged mountaineers in a night search through the Grand Canyon for Mrs. Charles F. Joy, of St. Louis. Today she is speeding across the country toward her home in Cincinnati. Congressman Longworth also participated in the strenuosity.

The Longworths had been guests of Mrs. Joy at the Grand Canyon. In the afternoon Mrs. Joy went for a walk, refused a guide and became lost in the canyons. After dusk the Longworth's began looking for her.

Throughout the night Mrs. Longworth urged on the searching parties, but finally even she was forced to give in and return to the hotel. Shortly afterward Mrs. Joy was found by another searching party. She wandered to a remote part of the country and when found was suffering intensely from hunger, exhaustion and the biting cold. She was carried to the hotel and in a few days will be hone the worse physicians say.

The author declined and the challenge followed.

New York Stock Market.

New York Sept. 20.—The strong tone continued the feature of the trading today. Everything on the list joined in a movement to higher prices and at the end of the hour there were few stocks that did not show a net advance. The market was under increased pressure after the first hour, and in the latter part of the forenoon prices of leading issues reacted moderately. At the lower levels trading fell off materially and the market became very dull.

Searching for Jewelry.

Westboro, Mass., Sept. 20.—An eager crowd today watched the laborers clearing up the debris of the Whitney Hotel which was burned on January 5, for it is estimated that $5,000 worth of jewelry will be found in the ruins. BRIDE ASSAULTED.

With her skull battered, her arms and legs torn and cut, her body bruised and her face discolored, Mrs. Estelle Hughes wife of Joseph Hughes, is at her home in New York in a dangerous condition after having been attacked Wednesday evening, gagged, bound hand and foot, chloroformed, and robbed.

The assault and robbery occurred across the street from the Bronx detective bureau, and within half a block of the Morrisania police station, and is declared to have been committed by two men who have made the detective bureau their loafing place for several days. The two men have been in and out of the station house and had become familiar figures in the neighborhood.

The outrage is only one of many similar crimes that have been committed in the vicinity in the past few months.

His assailants beat him down with revolver butts, but Callahan kept firing even after he fell. His shots attracted aid and the robbers fled empty handed.

BOAT RACE TOMORROW.

As heretofore announced, the fast motor boats belonging to Mr. R. Bruce Emerson and Mr. William Moore will contest tomorrow afternoon for the championship of this vicinity. In fact it might be stated that the victor may well be entered in competition with the fastest boats in the country, for it is recognized that the speed attained by each of the competitors is little short of phenomenal. The details of the contest have all been arranged, and the winner of the race will not only have the satisfaction of knowing he is the possessor of the speediest craft in these waters, but will also carry off a purse of $100. The boats will leave this city about 3 o'clock tomorrow afternoon for Fort Washington, where there will be some jockeying for position. The start will be a running one, one pistol shot for the make ready, and two for the start, the starting line being the black buoy between Fort Washington and River View, about off the middle of Swan creek, and the finish will be a stake boat off Prince street in this city.

Mr. Emerson will control the engine in his boat, and Mr. Moore will preside over his mechanism. Mr. Emerson's boat will be piloted over the course by Mr. George Gensmer, of the Emerson Steam Pump Company, while Mr. George Pettit will act in a similar capacity in Mr. Moore's boat, the articles requiring that there shall be only two men in each boat. Mr. Emerson has designated Mr. A. T. Peak as his official representative at the start, while Mr. J. H. Miller, in Mr. Smythe's launch, "Olga," will represent Mr. Emerson at the finish. It is not positively known who will be the official representative of Mr. Moore at the start and finish.

Much speculation has been indulged in, both in this city and Washington, over the outcome of the contest, the partisans of each contestant claiming a victory in advance of the actual test, and it is believed that the river front will present a most unusual appearance when the boats show their noses in sight of the home stretch.

It might be well to give a comparison of the boats at this time. That of Mr. Moore is about 28 feet 10 inches in length, 4 feet beam, and impelled by a 34 horsepower Brownell-Trebert gasoline motor. Mr. Emerson's boat is of the gliding type, 38 feet long, 8 feet beam, and impelled by a 15 to 20 horsepower Fairbanks gasoline motor. Under the ordinary rules governing all motor boat races, it will be seen that Mr. Emerson would be entitled to an unusual handicap, as Mr. Moore has a much smaller boat and a considerably more powerful engine than Mr. Emerson, but the performance of both boats in the past month or so has been such that all claims to any handicap have been waived. Both boats have made trial runs over the course, and the owners of each are sanguine over the outcome, and have backed their opinions with their money.

SENT TO THE CHAIN GANG.

During the early part of the week a young white mechanic of this city, who has often figured in the Police Court from the fact that he is a victim of dipsomania, was sent to the chain gang for 20 days. This individual is a mechanic, and could earn from $4 to $5 a day at his vocation. This morning another man, of the same craft, was arraigned in the court on a charge of vagrancy. He, too, can average $100 a month at his trade were he so disposed, but his love for liquor and the company of the dissolute have shipwrecked him early in life. Justice Caton ordered the prisoner to be placed on the chain gang for 20 days, remarking as he did so that, inasmuch as he refused to work for renumerative wages, he should toil for the city for his board alone.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Alice Gallahan, charged with drunkness, was sent to the work house for 40 days.

A white man, charged with vagrancy, was sent to the chain gang for 20 days.

Frank Bogan, colored, charged with being drunk in the street, was made to pay 25 cents for transportation in a wagon to the station house.

A young white man, charged with being drunk in the street, was dismissed.

A man, charged with leaving a nuisance on premises recently occupied by him, was dismissed upon promising to abate the same.

INJURED BY CARTRIDGE.

Mr. Allen Cogan, son of Mr. John A. Cogan, had a narrow escape from serious injury, if not death, yesterday afternoon in a building in the rear of his father's plumbing establishment on north Royal street. The young man was engaged in removing some machinery from the building which extends eastward to the alley running from King street to the market square, and dropped a crowbar he had in his hand on the bricks. An explosion followed, and a bullet struck Mr. Cogan on the left side of the head near the temple, inflicting a painful wound. Dr. Smith attended the young man. The crowbar struck and exploded a cartridge lying on the bricks where it was dropped.

DRAMATIC CLUB.

The dramatic club of the Young Men's Sodality Lyceum has been organized and the following officers have been elected: H. Linden Wheatley, president; Carl Rothmund, vice president; Martin E. Green, secretary and treasurer; E. F. Birrell, stage manager; Thomas C. Hoy, business manager. The club will give performances this winter.

PRIVATE SECRETARY.

It is understood that Mr. M. D. Hall, of Fairfax county, will be appointed by Mr. C. C. Carlin as his private secretary when he takes his seat in Congress next December. Mr. Hall is at present superintendent of schools of Fairfax county, and a gentleman in every way qualified for the position to which Mr. Carlin will appoint him.

THE HOSPITAL.

The Board of Lady Managers wish to thank their good friends who interested themselves in behalf of the Alexandria Hospital, securing at Luna Park what was known as "Alexandria Hospital Day," the proceeds of which, with their added contributions, amount to the sum of $200. The ladies feel under many obligations not only for the material assistance rendered, but for the hearty and enthusiastic manner in which the gentlemen took hold of the matter and carried it through upon such short notice.

The Board also gratefully acknowledges the following donations: Messrs. Corby Bros., bread daily; Mrs. W. B. Smoot, Mr. Charles Hooff and Mr. Lewis Hooff, 1 quart milk daily; Woman's Auxiliary, through Mrs. Alexander, bread, meats, ice cream, cake, etc.; Children's Ministering League, Christ Church, eight tray covers; Miss Roberts, Mrs. E. C. Crupper and Mrs. J. C. Milburn, old linen; clothing from Miss Burke, Miss Colquhoun; Mrs. Genzberger six tray covers and fruit; Mrs. George Ayers, Mrs. D. D. Thompson, Mrs. Walton, Mrs. Pulman, Mr. Leadbeater, Mrs. L. H. Gibbs, Mrs. Mason, Mrs. Snowden, Mr. Frank Nevitt, Miss Nannie Janney, Mr. Gillingham and Mrs. Blackford, fruit, vegetables, etc.; Mrs. Shaffer and Mrs. Uhler, flowers; Messrs. Leadbeater, kindling wood; Mr. Shuman, one gallon ice cream weekly; Mrs. Bloch, dessert weekly; Mr. Bryant, three cakes; Mrs. Carne, ice cap; Mrs. Schofield, invalids chair, etc.; Mr. Yates, coffee; Mrs. Whiting, rubber mattress; Mr. K. Baggett, meats; Miss Fleming, surgical pads; Gazette daily; Southern Churchman weekly; books, papers and magazines from many friends.

PERSONAL

Mr. Courtney L. Nalls left here this morning for a visit to the Jamestown Exposition.

Mrs. Edward C. Haynes is improving after a severe illness of several weeks.

Miss Bessie V. Talbot and Mr. H. T. McCuen were quietly married at St. John's Church, Georgetown, Wednesday, Sept. 18th, at 8:30 p. m., the Rev. J. W. H. Troop officiating.

Mrs. John Lucas was operated upon at her home on north Fairfax street yesterday morning by Drs. Warfield & Moore. Her condition is satisfactory.

The Fanchon Pleasure Club is making arrangements for its opening dance to be given at McBurney's Hall early in October.

Miss Inez Marshall, who has been seriously ill at Sweet Springs, W. Va., is rapidly recovering her health and expects to return to her home in this city at an early day.

ASSAULTED HIS WIFE.

With a cut extending from the crown of her head to the tip of her chin, Magdaline Terry, colored, of Arlington, Alexandria county, is at the Emergency Hospital in Washington in a critical condition. The wound is said to have been inflicted by the woman's husband, Harry Terry, who is under arrest, charged with assault. The physicians at the hospital have taken about twenty stitches in the wound. The woman told them, they reported to the police, that her husband assaulted her because she objected to his going with other women.

WEDDING.

Miss Estelle M. Bowers and Mr. James F. Kerfoot, of Clarke county, were married yesterday evening at the residence of the bride's sister, Mrs. W. R. Newton, No. 227 north Fairfax street. Rev. Dr. Julian Broaddus, of the Berryvile Baptist Church, performed the ceremony. The wedding was a very quiet one, no one being present but near relatives. The future home of Mr. and Mrs. Kerfoot will be in Berryville.

CASE DISMISSED.

The case of Avery Henderson, who was charged with presenting a forged application for a civil service examination, came up before U. S. Commissioner Garnett at 2 o'clock this afternoon. Mr. Ridgeley, of the Department of Justice, conducted the prosecution. After carefully investigating the matter, Commissioner Garnett dismissed the accused.

STILL BURNING.

The fire in the coal bank belonging to the Southern Railway Company, near this city, was still burning today. The fire has made considerable headway, having reached a large pyramid, and considerable difficulty was being experienced by the large force of laborers who were endeavoring to extinguish the fire.

LOCKED OUT WINS.

Locked Out, owned by Mr. Courtland H. Smith, of Alexandria county, won the hotly contested steeplechase yesterday at Gravesend, L. I. In this race Locked Out beat Sheriff Williams, who last Saturday at Sheepshead Bay, L. I., had easily beaten the noted racers, McKittredge and Mr. McCann.

[COMMUNICATED.

THE TUNNEL WALL.

The extensive improvement (?) made by the Southern Railway Company at the corner of Fairfax and Wilkes streets should be photographed by some enterprising photographer and a description of this wonderful work, should be published in picture form. The work in question is simply a disgrace to any town. And the authorities of this city should demand the removal of such a sight at once and require the above company to install around the entire walls of this tunnel a suitable, ornamental, iron fence. But the old saying that "anything is good enough for Alexandria," seems to hold good.

IMPROVEMENT.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by E. S. Leadbeater & Sons.

LOCAL BREVITIES.

The remains of Georgianna Hawkins, who died in Washington Wednesday, were brought to this city today and interred.

We have received an invitation to attend the Fredericksburg Fair to be held in that city September 24th, 25th and 26th.

Lawrence Gerald, infant son of Mr. Walter and Mrs. Mary Cline, died last night at his parents' residence, 405 Wilkes street.

Luther Carter has sold two houses on Queen street, between Patrick and Henry, belonging to Norman Williamson, to Mamie, Henry and C. Grim.

Mayor Paff yesterday forwarded two thousand, five hundred copies of the book, "Historic Alexandria," to officials of the Southern Railway and the Washington Southern Railway for distribution at the Jamestown Exposition.

Pedestrians on M street, Georgetown, and on the Aqueduct Bridge, shortly before 11 o'clock last night, were treated to a rare spectacle, when a houseboat, belonging to John Killeen, of Washington, which was anchored on the north shore of Analostan Island, burned to the water line last night. The origin of the blaze is unknown.

The United States steamer Prairie, with two battalions of sailors who are to act as part of the military escort at the funeral of Rear Admiral John G. Walker in Washington tomorrow, anchored off this city shortly before noon today. The two battalions came ashore shortly before 2 o'clock this afternoon and took electric trains for Washington.

Complaint is made by many citizens of the bad and noisy behavior of both white and colored school children as they go to and from school. Their conduct is very annoying to peaceably disposed citizens, and it would seem that some steps might be taken to put a stop to the nuisance.

Edward Higgins, recently committed to the Western State Hospital, at Staunton, has made his escape from that institution and, it is said, has returned to his home in this city.

Mr. J. A. Eyald has sold to Mr. P. J. Brenner a house and lot on the east side of Alfred street, between Gibbon and Wilkes.

The weather continues warm and sultry, the mercury at 2 o'clock this evening registering 82°.

FRIDAY EVENING, SEPT. 20, 1907.

Confused the Elevator Man.

New York elevator operators have a dislike of the word "next."

"It is too confusing," said one man. "For example, two men stepped into my car the other day. One said, 'Fifth floor.' The other said, 'Next.' I stopped at the second floor and waited and waited for the man who had ordered 'next' to get off. He flew into a rage. 'I don't want this floor,' he said. 'I said the sixth floor. Didn't the other fellow say "Fifth," and didn't I say "Next," and isn't sixth next after fifth? Huh?'

"The following day one passenger called out, 'Third floor,' and the other said 'Next' at the same time. I thought I knew my business that time. I hustled the third floor man right up to his landing and took the chap who wanted 'next' on to the fourth floor. He was angry also. 'What did you bring me up here for when I wasn't looking?' he thundered. 'Didn't you hear me say next?' 'Yes,' said I, 'but the other man said third'— 'I don't give a rap,' said he, 'what the other man said. We were then on the first floor, and when I said next didn't that mean second? I'll report you for inattention, that's what I'll do.'

"And that is what he did do," sighed the operator. "Clearly the word 'next' ought to be abolished."—New York Sun.

The Old Fashioned "Hired Girl."

The "hired girl" (we never, never alluded to her as "the maid" in the small American town or quiet country place where you and I were "raised") was like one of the family, and mother was glad to have her help, and none of us put on any frills with her, and she was not compelled to put on any frills of cap or apron with us. Oftimes, especially in the quiet country places, her social standing was as good as that of anybody else. Usually she was one of a grown family of girls. There was plenty of help at her house, and so she came and assisted our mother at our house. In their hours of ease mother and she discussed the neighborhood gossip together. The "hired girl" had her beau, a neighbor's stolid, sheepish son, and much was she joked about him, and, finally, after years of faithful and friendly servitude, she married him. We went to the wedding, and it was quite a social affair, with much temperate merriment and with many cheap but useful presents.—Everybody's Magazine.

Webster's Compliment.

While it is well known that Daniel Webster in speaking of General Taylor's candidacy for the office of president pronounced it "a nomination not fit to be made," he never failed to do justice to the general's military abilities and eminent service in the field. On one occasion he paid the old soldier a delicate and well deserved compliment. General Taylor was complaining of the crowds of people who daily besieged him soon after his accession to the presidency.

"They interfere," he said, "with my official engagements and violate my domestic retirement, but still I do not wish to turn my back upon my friends."

"You never did upon your enemies, general," Mr. Webster instantly replied.

The Snob.

The snob cultivates a man or a woman not because he expects to get a job or a loan out of either, but because he thinks either can help him along into society's elect. He cuts a former acquaintance because the unfortunate person seems to be of no use in his own social advancement. He suppresses the impulse that may lead him to dislike useful people and like useless ones just as the ambitious bank clerk suppresses his small extravagances, his fondness for the race track. Because social position seems so important to him he admires excessively those who have it and snubs those whose position he deems inferior to his own.—New York Mail.

The Letter A.

The letter A is in Hebrew called aleph, an ox, and the Phoenician character which represents this sound was originally a picture of an ox head; hence the name. The right hand stroke of the A represents the top of the head, the other down stroke the left side, and a line, since fallen out of use, represented the right side of the head, while in very old Phoenician manuscripts two dots above for eyes and two below for nostrils rendered the resemblance complete.

Bachelor Ignorance.

"Aren't men the limit?" said young Mrs. Wheel. "When I told my brother this morning that baby had just cut a tooth, he asked me savagely why I had allowed it to play with knives."

"And my bachelor uncle," said Mrs. Whoa, "when he heard that my baby had begun teething, wanted to know if it would begin hairing soon."—New York Press.

Odd Bookmarks.

A Newark librarian has kept a record of odd bookmarks found in returned books. The record includes an insurance policy, a two dollar bill, a pair of spectacles, love letters, a will, a mortgage, photographs, a marriage certificate, a promissory note, dress samples and a hare's foot.

Then She Got Furious.

She—Here we've been married just one month, and now you no longer love me. He—Bi my dear— She—Don't try to explain. I'm not blind. You made a mistake. You ought to have married some silly, stupid woman. He—But, dearest, I've done my best.

Distrust is the mother of security.—La Fontaine.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to be.- D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by W. F. Creighton & Co., and Gibson & Timberman.

When Dogs Were Cooks.

"There was a time," said the antiquarian, "when dogs did our roasting for us—at least they kept the meat turning so it would not burn. 'Spit dogs' they were called, and we call their descendants 'spitz' to this day. Spit dogs were trained to turn the spits on which roasted chickens, beef, ducks and turkeys. The little fellows did their work well. They were never known to let a fowl burn or to snatch a mouthful or two from it. As late as 1816 spit dogs were employed in the old Philadelphia inns on Second and Third streets."

The Servant Question.

The proud millionaire entered his garage haughtily. "Francois," he said, "you took out the new sixty horsepower again last night without permission. I'm afraid I'll have to get another chauffeur."

"I wish you would, sir," Francois answered. "With those four big cars there's quite enough work for two of us."—New York Press.

Historic New York.

New York city has more points of historical interest than any other city on the continent, there being scores of them, extending from Fort Amsterdam, where the new custom house stands, at the Battery, on the south, to Fort George, Fort Washington and the Van Cortlandt manor house on the north.

Equalized.

The larynx of man is twice the size on an average of the same organ in woman, although this disproportion is equalized by the fact that woman uses her larynx a little more than twice as much as man.

Not Needed.

"I have here a neat and pretty little letter opener," began the agent.

"So have I at home," said the business man sadly. "I'm married."

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more live than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.
